### Coughed 25 Years.

I suffered for 25 years with a cough, and spent hundreds of dollars with doctors for medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Russell, Grantsburg, Ill.

Set before you high models. Try to live with the most generous and to observe their deeds. Be contented, yet, aspire; that should be the faith of all, and the two are quite compatible.—F. W. Robertson.

## Boils and Pimples Give Warning.

### AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP.

When Nature is overtaxed, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance—a warning that can not safely be ignored. To neglect to purify the blood at this time means more and more of painful boils and unsightly pimples. If these impurities are allowed to remain, the system succumbs to any ordinary illness, and is unable to withstand the many ailments which are so prevalent during spring and summer.

Mrs. L. Gentile, 204 Second Avenue, Seattle, Wash., says: "I was afflicted for a long time with pimples, which were very annoying, as they disfigured my face fearfully. After using many other remedies in vain, S. S. S. promptly and thoroughly cleansed my blood, and now I rejoice in a good complexion, which I never had before."

R. K. Chattanooga, Tenn., writes: "Several boils and carbuncles broke out upon me, causing great pain and annoyance. My blood seemed to be in a riotous condition, and nothing I took seemed to do any good. Six bottles of S. S. S. cured me completely and my blood has been perfectly pure ever since."

### S. S. S. FOR THE BLOOD

is the best blood remedy, because it is purely vegetable and is the only one that is absolutely free from potash and mercury. It promptly purifies the blood and thoroughly cleanses the system, builds up the general health and strength. It cures Scrofula, Eczema, Cancer, Rheumatism, Tetter, Boils, Sores, etc., by going direct to the cause of the trouble and forcing out all impure blood.

### A HERO.

#### A Piece Selected For the Little Boys.

A few years ago a fire broke out in a charming little Swiss village. In a few hours the quaint frame houses were entirely destroyed.

One poor man was in greater trouble than his neighbors even. His home and cows were gone, and so also was his son, a bright boy of six or seven years. He wept and refused to hear any words of comfort. He spent the night wandering sorrowfully among the ruins.

Just as daybreak came, however, he heard a well-known sound, and looking up, he saw his favorite cow leading the herd and coming directly after them was his bright little boy.

"Oh, my son, my son!" he cried, "are you really alive?"

"Why, yes, father. When I saw the fire, I ran to get our cows away to the pasture lands."

"You are a hero, my boy!" the father exclaimed.

But the boy said, "Oh, no! a hero is one who does some wonderful deed. I led the cows away because they were in danger, and I knew it was the right thing to do."

Ah, cried the father, "he who does the right thing at the right time is a hero."—Exchange.

### Birds and Bills.

"There's something wrong with this bill," said the young married man to the milliner who has imported Parisian prices as well as styles.

"It is correct in every item," after looking it over.

"Eight dollars for that bird, no bigger than my fist?"

"Yes, sir, and cheap at that."

"All right, madame, I'll settle; but its robbery." We had our first anniversary yesterday and I bought a ten-pound turkey for \$125.—Detroit Free Press.

### Utterly Obtuse.

"That there city husband of Minnie's," said the innocent old man with the whiskers, "is one of the pleasantest fellows going." Why, I hadn't been settled 'chatin' in his office with him more'n a quarter hour 'fore he told me to come in and see him again.—Cincinnati Enquirer.

A certain amount of opposition is a great help to a man. Kites rise against the wind. Even a head wind is better than none. No man ever worked his passage anywhere in a dead calm.—Neal.

The Chicago Council has forbidden the use of the rod in the House of Correction.

### DIAMOND DUST.

Life is not so short but there is always time for courtesy.

They who cheer have a share in the victory of those who fight.

Tears, like raindrops, have a thousand times fallen to the ground and come up in flowers.

Make your company a rarity, and people will value it. Men despise what they can easily have.

If you have good health be happy, for you have nine-tenths of all that nature has ever given to any man.

Not until you make men self-reliant, intelligent, and fond of struggle—fonder of struggle than of help—till then have you relieved poverty.

The ultimate source of all conduct is character; and as no river can rise higher than its source, so no life can be really purer or more elevated than the character which furnishes it with motives.

Our characters are formed and sustained by ourselves and by our own actions and purposes, and not by others. Calculumators may usually be trusted to time, and the slow but steady justice of public opinion.

If there is one thing in the world that should be free from compulsion of any sort, it is a gift. Directly it is associated with forceful urgency, or suggested by extraneous reason, it loses all its grace and all its character.

By directing the attention of children to the beauty, as well as the duty of life, and to the sublimity as well as to the obligations—by leading them to appreciate and love these, as well as to perform others—we are incessantly cultivating their growth in their hearts. There is no child old enough to understand the one who may not be induced lovingly to embrace the other.

### The Eagle, King of All Birds,

is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styas, sore eyes of any kind or granulated lids. Sold by all dealers at 25 cents.

### Wholesome Thought.

The universe is made for man, not man for the universe. Every wish and aspiration whose trend is toward progress, can be fully met; abundantly gratified. There is no more limit to the gratification of a right desire, than there is to the air that one may breathe. Satisfaction and happiness are as infinite as the atmosphere. The only limitation is the degree of receptivity in man. The need is to enlarge one's realization of the multitude of forces ceaselessly at work.

### Coal Combine.

All of the coal interests on the Monongahela river have entered into a monstrous combine and from now on a taut line will be held on miners, and the consumers may expect to pay more for this necessity every day, and enormously when the famine comes. Woe unto the laborer and the poor consumer! The combine has been capitalized at \$30,000,000. Pittsburg has the first throwing at the stock.

### Negro Ranged.

The negro wife murderer, Will Tutt, was hanged at Mayfield on last Thursday morning. He broke completely down when he mounted the scaffold and had to be supported by the sheriff and his deputies.

Messrs. Grocy and J. H. Amyx opened a grocery and meat store on last Saturday, next door to Thos. Whit. We wish them success in their new venture.

### WITH THE WITS.

Sunday-school Teacher: Jimmy Finn, do you know anything about the Jews? Jimmy: Do I? An' me s-livin' in N' Yawk?

"Dorothy, how on earth did you get a proposal out of that crusty old bachelor?" "Well, I pretended to like the things to eat that he likes."—Detroit Free Press.

Johnny: Is the devil married, Ma? Mama: Why, no! What an ideal Johnny! Then why does pa so often mutter to himself about the she-devil.—Kansas City Independent.

"Why have you been fighting, little boy?" asked the kind lady. "For exercise," was the answer. "Do I look big enough to be a professional fighter?" for a purse?—Chicago Post.

The Count: I love you! I would marry you! The Girl: Yes; but it takes two to make a bargain, Count. Satisfactorily! I will see your father to-morrow.—Yonkers Statesman.

A teacher at Garden City said to her primary class the other day: "If your father gave your mother \$7 to-day and \$8 to-morrow, what would she have? And the small boy over in the corner replied: "She would have a fit!"—Kansas City Journal.

Willie: I think old Moneysbags is the meanest man I ever knew. Millie: What has he done? Willie: Bought for his daughter a musical clock which plays "Home, Sweet Home" at 10 o'clock; "Tramp, Tramp, Tramp" at 10:15; and "Johnny, Get Your Gun" at 10:30!

"You; we pay that girl \$6 a week, but she's worth every cent of it," said the experienced housekeeper. "Six dollars!" cried the novice. "Why, you can get as good as you want for \$4 or \$4.50." "Oh, I don't know," returned the experienced housekeeper. "I think this one saves me more than the excess. She's been flirting with the plumber all winter, and now she's just beginning to smile on the ice-man."—Chicago Post.

### Dean Place Sold.

S. W. Galtskill on last Friday purchased Dr. Ed Dean, the old Dean farm containing twenty-eight acres situated on the Winchester pike, for which he paid \$150 per acre. This is one of the prettiest and most desirable homes in the county and was very cheap at the price paid.

### A Tennessee Boy.

"My little boy, aged five years, had sores on his limbs from his hips to the end of his toes. They were about the size of ten cent pieces. Some said they were caused by poison and he doctored for it, but did not get well until he began taking Hood's Sarsaparilla, which cured him."—Mrs. D. A. Jones, Morristown, Tenn.

Hood's Pills cure nausea, sick headache, biliousness, indigestion, constipation.

### Spain to Have Millions.

The subject of the method of paying the \$20,000,000 due to Spain under the treaty was discussed by the Cabinet, and it was decided to pay the amount by a draft only, to be delivered to wherever the Spanish Government authorizes to receive it.

Plans have been completed by the Widener-Elkins-Whitney syndicate for six big allied electro-vehicle and transportation companies, to divide up the States between them. The first to go into operation will be the Illinois Company, with a capital stock of \$55,000,000.

### NOW COMES MISSOURI

#### With a Bill to Break up the Boards of Fire Underwriters.

The Missouri House has passed a bill placing the boards of fire underwriters of St. Louis and Kansas City under the State anti-trust law. The present law exempts those cities. The bill now goes to the Governor, who it is reported, will sign it.

### Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no simile should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits mention the Dr. STERLING ADVOCATE and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

### Are You Such a Flower?

There is a flower in Siberia that blooms in January, the severest month of that climate. It is a star-shaped flower, and covered with glistening specks that look like diamonds. A Russian took some of the seeds of that flower to St. Petersburg and planted them, and they grew and on the coldest day of January they pushed back the snow and ice and burst into full bloom. They called it the "snow flower," and it makes me think of those whom the world tries to freeze out and snow under, but who, in the strength of God, push through and up and out, and bloom in the hardest weather of the world's cold treatment, starred and radiant with a beauty given only to those who find life a struggle, and turn it into a victory.—Talmage.

The Cuban Generals have chosen Gen. Gomez to represent the Cuban army in all negotiations concerning the payment and disarmament of the troops. Gen. Gomez accepted the trust, advising that the Council of Generals should be continued after the army had been disbanded to represent Cuban interests. He told the Generals that the only power in Cuba to-day is that of the United States and that "for the present thoughts of a Cuban independent government can be no more than dreams." The muster rolls of the Cuban army were turned over to Gov. Gen. Brooke.

### That's All.

Old Gentleman—Do you mean to say that your teachers never thrash you?

Little Boy—Never! We have moral suasion at our school.

Old Gentleman—What's that? Little Boy—Oh, we get 'em in, and stood up in corners, and looked out, and locked in, and made to write one word a thousand times, and scowled at and jawed at, and that's all.—Golden Days.

DEMOCRATIC NOMINEES.  
FOR LEGISLATURE:  
L. N. GREENE,  
Of Montgomery County.

## ANNOUNCEMENTS.

We are authorized to announce John C. Chennault, of Madison county, as a candidate for State Auditor, subject to the action of the Democratic party.

We are authorized to announce Mr. Green R. Keller, of Nicholas county, as a candidate for Secretary of State, subject to the action of the Democratic party.

We are authorized to announce M. A. Cassidy, of the county of Fayette, a candidate for Superintendent of Public Instruction, subject to the action of the Democratic party.

I am a candidate for re-election as Railroad Commissioner from the Third Kentucky District, subject to the action of the Republican party. I base my claims upon long standing adherence to the principles of my party; loyalty to all its nominees; years of earnest effort for its success, and faithful and conscientious performance of my official duties.  
Respectfully,  
JOHN C. WOOD.

## DEMOCRATIC MASS MEETING.

That mass meeting at the Court-house on last Saturday, when the Chicago platform was endorsed and when Col. A. W. Hamilton was likewise endorsed as a Democrat and man by appointing delegates to attend the Railroad District Convention at Winchester on April 26, instructed to use their influence to secure the Democratic nomination for Railroad Commissioner, was after our own heart in interest and harmony. The body was in session about ten minutes, just long enough to call the meeting to order, state its object, read and pass resolutions and adjourn.

With such harmony Montgomery Democracy would become so cemented that no Republican need apply. Col. Hamilton will be the nominee of his party and though the district is Republican, there is a chance of success from the fact that there are many Republicans who prefer to vote for a bimetalist Democrat to any gold-bug Republican.

The candidate, Hon. P. Wat Hardin, is after, at this time, is Hon. W. J. Stone. Mr. Stone is in Wat's way, we would think from his stump speeches, aside from the declaration made by Mr. Stone at Winchester that Mr. Hardin had asked him to withdraw from the race saying he would be easily nominated. Mr. Hardin is not much in the race in Montgomery for the reason first he failed as the party nominee four years ago, and because his party alliances are not consistent with Democracy, according to the notions of our Democrats. "The cause is greater than the man" is the sentiment of our people, and hence it is Stone or Gobel with them.

Hon. James H. Williams, of Frenchburg, candidate for the nomination for State Senator in his district, was in the city last week on legal business. Mr. Williams would make a first-class State Senator and it now appears that he will have no opposition for the nomination.

## A NUISANCE.

Horse-jockeying continues in Mt. Sterling to the discredit of the city fathers. This business, we think a most serious nuisance. First, by allowing it life and property are endangered; second, the greater part of the horses used by the jockeys are diseased; third, a stranger is impressed by what he sees, and that both the horses and traders are specimens of Montgomery yeomanry. We continue to hope the Council through the City Attorney, may be able to frame a law that would eject these unsightly, dangerous objects, and which would be in strict accordance with our Constitution.

It now appears from what is in sight that Col. A. W. Hamilton, Democrat, and John C. Wood, Republican, both of Montgomery, will, within the next few weeks, be nominees of the respective parties for Railroad Commissioner, and it will become the unpleasant duty of Col. A. W. Hamilton to retire our esteemed contemporary to a strictly journalistic business.

## A SURE WINNER.

**John C. Wood, Most Likely, Will Be Nominated on the First Ballot.**

Our countyman, John C. Wood, candidate to succeed himself as Railroad Commissioner from this, the Third District, looks like a sure winner in the Republican Convention at Richmond on May 2nd.

In Saturday's mass county conventions he received great encouragement. He will go into the convention with the following votes:

First instructions 286.  
Second instructions 37.  
Of the uninstructed votes, Mr. Wood is sure of 94, which makes a total of 417, twenty-three more than the required number to nominate.

## Republican Convention.

A meeting of the Republicans of Montgomery county was held at the Court House in this city, Saturday afternoon, to select delegates to the District Convention at Richmond May 23, 1899, to nominate a candidate for Railroad Commissioner in this (Third) district. C. H. Duty was elected Chairman and W. H. Wood Secretary. On motion of J. J. Kearn a Committee on Resolutions was appointed which made the following report:

We the Committee on Resolutions beg leave to submit the following:

Resolved, That we approve the call for this Convention and the call for the Convention to be held at Richmond May 23, 1899, to nominate a candidate for Railroad Commissioner.  
2. That we heartily endorse the course of the State and National administration.  
3. That all good Republicans of this county be and are hereby appointed delegates to attend the Convention at Richmond May 23.

4. That the delegates be and are hereby instructed to cast the vote of Montgomery county, in said Convention, for John C. Wood for Railroad Commissioner, and to use all honorable means to secure his nomination.

G. L. KIRKPATRICK,  
W. H. STOKESMAN,  
J. J. KEARN,  
A. K. WILSON,  
JOHN C. TRIMBLE,  
Committee.

No further business being before the Convention a motion to adjourn was carried.

Chairman.  
W. H. WOOD,  
Secretary.

## The Democratic Convention.

Pursuant to a call of the Chairman of the Democratic Committee of Montgomery County, the Democratic County, met in mass convention, on the 15th day of April, 1899, at 2 o'clock p. m., at the Court House in Mt. Sterling, Ky., and on motion of W. R. Thompson, Judge John E. Cooper was elected Chairman and Squire Turner and J. W. Hedden Secretaries. Thereupon the following resolutions were offered by Dr. W. R. Thompson.

1st. RESOLVED, That we approve of the action of the Democratic Executive Committee for the Third Railroad District of Kentucky, in calling the Convention to nominate a Democratic candidate for the office of Railroad Commissioner, for said district, to meet at Winchester, Ky.

2nd. That our fellow Democrats and countyman, Col. A. W. Hamilton, through the trying canvass of 1896, so earnestly demonstrated his allegiance by the Chicago platform; his unselfish services since as a member of the Democratic State Central Committee, for his district, and in view of his close touch with the interest of the masses who have connection with the railroads of the State as passengers and shippers, the principles that have dominated his whole life, "Equal justice to all, exclusive privileges to none," coupled with his wide experience as a business man, makes him eminently fitted for the position of Railroad Commissioner, to which position the Democrats of his County, have so unanimously asked him to aspire.

Therefore, the delegates hereinafter named are instructed to cast the vote of Montgomery county, in the convention at Winchester on April 26, 1899, and use all honorable means to secure his nomination as their standard bearer for Railroad Commissioner for the Third District of Kentucky, at the November election, 1899.

3rd. RESOLVED, That the following named persons be appointed as delegates to cast the vote of Montgomery county in the convention to be held at Winchester, Ky., on April 26, 1899, to-wit: Allie W. Young, W. R. Thompson, H. R. Frewin, H. B. Kincaid, John E. Cooper, C. B. Duerson, A. A. Hazrigg, S. Klug Ford, Squire Turner, J. B. Tanbue, M. O. Cockrell, J. W. Gatewood, John F. King, T. G. Denton, W. T. Fitzpatrick, Geo. W. Baird, H. M. Woodford, H. R. Bright, I. N. Greene, J. W. Hedden, John M. Elliott, Sidney Johnson, Jas. T. Kins, Frank Duerson.

4th. RESOLVED, That the delegates of this convention be and they are instructed to cast their vote as a unit upon all questions that may arise before said convention.

5th. RESOLVED, That the Democratic papers of Mt. Sterling, Ky., the Sentinel-Democrat and Mt. Sterling Advocate be requested to publish the proceedings of this convention.

On motion of W. R. Thompson the convention adjourned.

## "Trust Not to Appearances."

## POWDER AND ROUGE.

Some Rules for Making Up for Amateurs.  
Although nothing is more to be deplored than any attempt at "make-up" for ordinary social functions, it is sometimes necessary to resort to artificial devices for fancy dress parties or amateur theatricals. For these rare occasions it may be done in such a way as to be entirely harmless, and indeed the process must always be performed with the greatest delicacy and deliberation in order to have the results satisfactory. It goes without saying that only the very best materials should be used.

After washing the face, neck and arms in very hot water, sponge them lightly with eau de Cologne and water or toilet vinegar and water, and when quite dry rub the entire surface with some good cream which is neither sticky nor greasy. Then powder the neck and arms very thickly with some good powder. Now with a hairbrush apply a very little of the best rouge to the cheeks, shading it off naturally at the edges, and powder the face well over. Take a large piece of fine, clean wash leather and rub the powder in well on face, neck and arms. It is this polishing process that gives the soft, natural appearance to the complexion.

The carmine for the lips must be applied with great care, following accurately the natural outline. Smears at the corners have an abominable appearance.

For darkening the eyelashes and brows the following home-made preparation is the best: Run a champagne cork until it will crumble easily to powder. Put it in a saucer, and when you have rubbed it quite smooth drop pure glycerine on it and stir until it becomes liquid, about the consistency of cream. Apply with a very fine camel's hair brush.

To remove the make-up, cover your face with cold cream, rubbed on lightly. Let it remain for a minute or two and then rub off with soft cloth. Wash hands; wash your face well with hot water and pure soap, rinsing it off with a dash of cold water.—San Francisco Chronicle.

## SLAVERY INEVITABLE.

In the Ultimate White Colonization of the African Tropics.

The iron age is fully inaugurated by the most degraded relationship that man can bear to man—that of slavery. Only the oddest of modern colonies imitate the methods of slavery in passing through this stage; in those of later foundation a mere shadow of it remains, or it takes other shapes. Colonists first enslave the natives of the country where they settle. In the South American colonies, where they went to find gold, they were forced for no other purpose; they therefore needed the natives to till the soil; they needed them also as carriers. For these purposes they were used unscrupulously. They were distributed among the Spaniards under a system of repatriation which repeated the provisions of Greek and Roman slavery, and was itself repudiated three centuries later in the convict assignment system of New South Wales. With such savage cruelty was it worked that, according to the testimony of Columbus, six-sevenths of the population of Hispaniola died under it in a few years. The same form of slavery, but of a very different character, prevailed in Africa down almost to our own times. In the British colonies it was submerged in 1834, from causes exterior to itself, by the humanitarian wave that wrecked the West Indies; in the French colonies it was abolished by the revolutionary government of 1848; in the Dutch colonies it possibly survived to this day. Theoretically abolished or not, the relationship between civilized whites and savage blacks must be everywhere a modified form of slavery, and a white colonization of the African tropics can only take place under conditions indistinguishable from a limited slavery.—James Collier, in Popular Science Monthly.

## Force of Growing Plants.

The United States department of agriculture has, by experiments, found that the force of a growing pumpkin was sufficient to lift 24 tons, provided the weight is placed as not to interfere with the growth or natural development of the vegetable. In London a paving stone which weighed 500 pounds, and which was wedged in on all sides by other stones, was lifted up by a watermelon. The growth of a big gum tree at Cienfuegos, Honduras, moved the walls of a concrete church three feet in thickness 18 inches in 17 years.

## A Small Blaze.

On last Tuesday morning at 12:40 an alarm of fire was turned in from Eversley School. A small blaze in the roof of the school building was the cause. The fire was extinguished by the heroic efforts of neighbors before the fire company arrived upon the scene. Geo. Eastin and his horses reported to the call in double quick time.

## Weak Eyes Are Made Strong.

Dim vision made clear, eyes removed and granulated lids or sore eyes of any kind speedily and effectually cured by the use of Suberlin's Eagle Eye Salve. It's put up in tubes, and sold on a guarantee by all good druggists.

## TOP OF MONT BLANC.

Question as to Who is Its Owner—A Most Puzzling Problem.

Who is the owner of the top of Mont Blanc? The question arose at first night's council, but as it has been referred to the government, it certainly has its serious side. Naturally, it is not a single or isolated individual, but a large number of nations, and it has brought forward this claim. The affair is much more complicated. Three municipalities, namely, Chamonix, Les Houches and St. Gervais—own the mountain, and old maps and documents are being appealed to with fiery ardor. It is not the point of honor—the prestige of possessing an entire avalanche or so—which is at the bottom of this lively contention. It is, in fact, a matter of practical and profitable business, which has set their neighbors by the ears.

The fact is, that Mont Blanc, being in greater favor than ever with the traveling public, various spots, situated at different altitudes on the famous mountain, have been let out to enterprising projectors, and now there is a sharp fight over the profits. Chamonix has had the best of this bargain so far, and a hot dispute has arisen between Les Houches and St. Gervais over a particular point, its municipality has proclaimed its right to the entire summit of Mont Blanc. The other two municipalities, in presence of this bold assertion of a claim to such a "sphere of influence," have united their forces, and are now importuning the government with their appeals for justice. This is a knotty problem for the officials to solve, and if they go back to precedents they will hardly see their way out of the difficulty; for the great map of 1730 only reproduced the divisions of property on the lower or wooded portions of the mountain, no one then caring a rush about the "effective occupation" of peaks and rocks, of glaciers and snows; while the difficulties of surveying would have been enormous.—Paris Cor. ## The British Army.

## No Lady Would Do Such a Thing.

No lady would set her watch when out of town, to the first person who displayed the sign "Watches Regulated and Repaired." But she would carefully enquire for a man whose acknowledged skill entitled him to take in charge the delicate mechanism.

How much more careful should a woman be, when she herself is disordered, not to entrust the delicate and complex mechanism of her being to the first man or woman who displays the sign "Medical Advice Given." No sign is to be trusted which says "Medical Advice Given" and stops there. Medical advice can be given only by a physician. An accredited physician will put his title with his name. Suppose a sign says, "Medical Advice Given by a Man." What would woman understand by that? "The fact of being a man doesn't qualify him to give medical advice. He must be a physician, and that." But suppose the sign reads: "Medical Advice Given by a Woman." Is not the fact just as patent that a woman does not qualify her to give medical advice? The woman must be a physician to do that. Medical advice given by an unskilled woman is just as dangerous as if given by an unskilled man.

In inviting sick and ailing women to consult him by letter, Dr. Pierce charges Dr. Pierce points to an experience and practice of over thirty years, devoted especially to diseases peculiar to women. In that time Dr. Pierce and his associate staff of medical specialists have successfully treated more than half a million women. All correspondence is treated as strictly private and confidential. Letters are promptly answered, and the answers are mailed in perfectly plain envelopes, without any printing upon them. Write without fear to Dr. R. V. ## Modern Railway Equipment.

The equipment of the modern railway service is growing better every day. The highest point of excellence is reached in the "Pacific Coast Limited," a new train now operated between St. Louis and Los Angeles and San Francisco, via the "True South-east Route."

Leaves St. Louis every Tuesday and Saturday via the Iron Mountain Route, and makes the run to Los Angeles in two days and a half.

The equipment of this incomparable train consists of a composite car, with barber shop, smoking buffet and observation, smoking and library compartment, ladies' private compartment car, with seven dining rooms, and an observation parlor, two or more Pullman ten-section double drawing room sleeping cars, and in addition to this equipment a service car, in which meals and supper are of the very best, and where the traveler can regulate his expenses by his inclination, as all meals are served à la carte.

We have representatives in the chief cities, whose pleasure it is to furnish information to all who will take the small trouble to address an inquiry, either in person or letter, to any of them, or descriptive literature and full particulars will be furnished on application to

A Narrow Escape.  
Little James Monroe, son of Hon. C. W. Nesbit, was playing in the dresser last Wednesday, and, by some means, pulled the drawer open and found a vial of medicine and drank the entire contents. The medicine contained morphine and other ingredients. Fortunately his mother saw him just as he had taken it, and a physician was summoned. The little fellow was walked and carried around for several hours, and finally recovered.

The Samoan Commission will sail for Apia, Samoa, Friday, April 16, on the United States naval transport Badger. Baron Speck von Sternburg has been appointed to represent Germany, completing the body.

A lazy liver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary or a starving man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

There is no part of Scotland that affords the poacher better opportunities for prosecuting his calling than the mountainous districts north of the Grampians, stretching from Benfairshe on the east to Fort William on the west. MacCallum had studied, too, where to get the best markets for his spoil, and many game dealers, both in England and Scotland, are familiar with his name.

MacCallum's commanding figure was well known to all the countryside. Standing five feet eleven inches high, broad shouldered, deep chested, with powerful arms and legs, a bulldog type of neck and a carriage such as Rob Roy might have envied, he is a true son of the mountains, if ever there was one. ### A MODERN ROB ROY.

Romantic Story of the Career of a Notorious Poacher.

The story of the arrest of the poacher MacCallum, accused of the murder of Police Constable King in Inverness-shire, Scotland, is an exciting one and reads like the romance of a modern Rob Roy. A warrant had been issued for this man's arrest, and Constable Thomas King and Constable McNeven on December 20 visited the lonely cabin where MacCallum and his women folk were known to live.

"Black May" and her daughter informed the constables that MacCallum had gone to Loch Garten. Shortly afterward, however, the officers of the law were surprised to observe the women take their departure from the dwelling in rather a hasty manner.

The constables received information that the poacher was in the house. Before entering it was agreed that King should go into the kitchen on the left and McNeven into the bedroom on the right. There was no light in the dwelling, and the officers had to feel their way in the gloaming.

McNeven entered without difficulty, but had only reached the bed when he heard a shot fired. He shouted to King, but received no reply. After an unsuccessful search of the apartment, McNeven came to the door and was told by a rural postman, who was standing on the roadside, that MacCallum had left the house shortly after the report of the shot. In the kitchen he found King lying on the floor with the gun across his feet. With the assistance of the postman he had him removed outside. Then they discovered that King was dead, and the hue and cry was raised, but MacCallum had got a good start. He had bolted minus his boots, and later in the evening he visited a crofter's house and procured a pair. That was the last that was seen of him.

It is about four o'clock on Tuesday, December 20, when the tragedy occurred, and for the next 64 hours the wretched outlaw was abroad in the hills of Strathpey, skulking behind the boulders, hiding in caves, shrouding himself among the mists of the mountains. He was without food, without shelter, without friends. Even his dog, which at first followed him, had deserted him. Sixty men were at one time engaged in the man hunt, and then rumors were come in that he had been seen, but they proved to be unfounded.

Not until Friday, December 23, did authentic information of his whereabouts come to hand, and as the fugitive was by this time exhausted by his privations and exertions, and was known to be unarmed, measures were taken to secure him. As dawn was breaking Deputy Chief Constable Chisholm, Sergeant Frazer and Constable McNeven, with a party of men, went to the neighborhood of Nethy bridge upon a piece of rising ground, which bears the ominous name of the Gallows Hill. MacCallum, who bore traces of the hardship which he had undergone, was brought to Inverness and lodged in the castle. A large crowd assembled on his arrival, and watched the removal from the station to the castle with much interest.

MacCallum was the most remarkable career, and during the last ten years he has been recognized as the most daring and notorious poacher in the Highlands. He was born at Loch Erich 44 years ago, but his boyhood was spent on the base of Lochaber, where his father was head and keeper. From his boyhood MacCallum had a stormy life, frequent conflicts taking place between him and the men under his father's charge. The off, as he was called, was sent to Falkland islands as a shepherd, but he led a wild life, and seven years ago returned and settled down to his avocation of poacher in the wild mountains and wooded district known as Monadhliath.

The clever, agile and daring poacher outwitted the closest espionage of keepers and police for years. He knew every mile of the wild district, and he was the terror of the gamekeepers around, and lately they permitted him to roam pretty much unmolested. His only companion was his big dog, and the few people who came in contact with him regarded him as insane from the isolated and wild mountainous life he led.

There is no part of Scotland that affords the poacher better opportunities for prosecuting his calling than the mountainous districts north of the Grampians, stretching from Benfairshe on the east to Fort William on the west. MacCallum had studied, too, where to get the best markets for his spoil, and many game dealers, both in England and Scotland, are familiar with his name.

MacCallum's commanding figure was well known to all the countryside. Standing five feet eleven inches high, broad shouldered, deep chested, with powerful arms and legs, a bulldog type of neck and a carriage such as Rob Roy might have envied, he is a true son of the mountains, if ever there was one. There is nothing in his features that suggests crime or vice, but the eyes are often fierce and full of

fire. He walks with the slow and measured gait peculiar to the game-stalker, and seems to suspect everybody with whom he comes in contact.

As he was never married, there is not much romance of the softer kind to chronicle about him, but the household to which he was the mainstay was a peculiar one, consisting of himself, an old woman known as "Black May," and her daughter—Lloyd's.

### HAWAII'S OLDEST WOMAN.

Kepoolele Apua Recently Died at the Age of 127 Years.

There died at Honolulu recently a woman of the age of 127 years. The figures have been verified by Prof. Alexander, the historian; A. T. Atkinson, superintendent of census, and Mrs. E. M. Nakaina, a Hawaiian lady of high cultivation, both in English and her own language. The following account of a visit to the old woman three years ago was prepared by Mrs. Nakaina, and is vided by Prof. Alexander:

"On entering the house we found her sitting on the floor. She was attended by two women, one of whom was the wife of a grandson. She was very deaf and could not see clearly, though when I presented a dollar for her she held out her hand for it and placed it in her pocket. This was at the close of the interview, but I mention it now to show what the old lady's faculties were.

"Prof. Alexander, after some preliminary remarks, in order not to alarm the old lady, suggested a number of historical questions which were put by myself. From these we learned that she well remembered the abolition of idolatry and the war in that connection. She stated that she was a married woman and an attendant of Kapiolani I., when that queen descended into the crater of the Kilauea volcano and broke the tabu against women being in that locality. The old lady said that in consequence of this momentous event her own name was changed by her people from Kepoolele to Apua.

"The old lady said that she remembered Keoua being killed at Kaula. This occurred in 1791, and is described in Alexander's "History of the Hawaiian People."

"Becoming interested in the subject of old events, the aged woman volunteered the information that she remembered the digging of the well in Kau by Kamehameha I., and that she was a child at the time, running about like a child of six or seven. This event occurred in 1781 and is described in Alexander's history.

"I followed up another method of investigation, inquiring how many children she had, tracing their descendants. This was enabled to do to the fifth generation. Allowing the ordinary 30 years for a generation, would give 120 years, and we can easily allow for the fifth enough to bring her out at the age she claims by an entirely different method. We were satisfied that the old lady had spoken the truth.

"What a curious link with the past she is. She must have been a little toddling child when Capt. Cook came to the islands. She saw the monarchy of Hawaii consolidated and she saw it fall. She remained a monument to the past."

The following may be accepted as the history of Kepoolele Apua: She was born at Kaula, Puna, Hawaii, and was about 120 years old in 1781. The name Kepoolele was that of a high chief of the time. This chief (all) was accused of causing deaths by sorcery and petition was made to the king to have his head cut off, as he was considered an extremely dangerous person. Hence the name Kepoolele (the disordered head). The name Apua means "You will be eaten up," which was the almost universal threat or prophecy when Kapiolani placed the women of Hawaii on a level with men by visiting the sacred precincts of Pele, the fire goddess. At the time this old woman received this second name she was full grown.—St. Louis Globe-Democrat.

## APRIL COURT DAY.

There were about 1,000 cattle on the market. To say cattle were high does not express it—they were simply out of sight. We saw 6 cows returned for yearlings, to weigh them, and sold by the head for more than that price. Sales were a little slow before noon, but later on were better. Oxen were brisk and sold high. One extra yoke sold at \$5.30. The best steers, weight 800 to 1,000 pounds, sold at 5 to 5½¢; yearlings at from 5½ to 6¢; heifers at from 4 to 5¢; cows 3 to 4¢; bulls 3 to 3½¢.

No sheep for sale. Good crowd in attendance from surrounding counties and seemed anxious to buy, but owing to high prices, seemed slow in buying.

### SALES.

Elam & Wheeler sold Prewitt Vanmeter of Clark county, a yoke of extra 2,600-pound cattle at \$5.30. Same party sold 28 head of 550-pound yearling steers to Fannin Bros., of Ashland, at \$31.25 per head—at least 5½¢. Johnston Bros., sold twenty 400-pound yearlings to R. F. Deering, of Fleming county, at \$27 per head.

Moss Bros. bought three 700-pound heifers at 4¢, and sold a 1,000-pound cow to Hodgkin Bros. of Clark at \$3.00. T. M. Cooper sold a 1,300-pound bull to same party at 3½¢.

Thos. Barnes bought seven 600-pound steers of Henry Blackship at \$34.50—over 5½¢.

### The Famous "Passion Play."

The world-wide famous "passion play" is to be given at the Grand Opera House on next Monday and Tuesday evenings, April 24 and 25.

While it is not a "play" in the commonly accepted understanding of the term, it is yet called a "play" as a matter of name. The "passion play" proper can only be seen by making a long and expensive pilgrimage to the village of Ober-Ammergau, which is situated near the black forest in Germany.

A journey like this is not a practical one, to the people of this country, however desirable and helpful it would be to witness this play as it is now given in Ober-Ammergau, once every ten years as a devotional exercise, but representation of it is given by means of the Cinograph Moving Picture Machine, one of the latest instruments which makes the sharpest, clearest pictures of any instrument of the kind which has been devised up to date, and the moving pictures so strikingly lifelike showing the acting of the characters in this sacred entertainment, is of itself a most wonderful achievement, and gives a very good idea of what the "passion play" is, as performed at Ober-Ammergau. The prices of admission will be a popular one and as the "passion play"

has been performed so many times and has attracted the attention of all Europe and the world, as it sets forth and impresses the mind on one of the greatest themes and one which has done more to elevate the cause of mankind than any form of instructive entertainment ever brought before the public.

The "passion play" shows the birth, life, death, burial, resurrection and ascension of our Saviour, and is so vividly impressive in its effect that all are made better for having seen it. The moving pictures showing the "passion play" are accompanied with a descriptive lecture, sacred music and illustrated songs.

Pictorial couriers will be distributed throughout the city at an early date, which contains an explanation of the origin of the "passion play" and how it came to be produced, and is very interesting and instructive reading to all who see in the Christian religion, the most helpful instrument in the promoting of the cause of humanity in all the world.

All ladies interested in this affair should call on N. A. Wilkerson at the Express office this afternoon at 2 o'clock.

### STANDARD AND REGISTERED. AARON ALLEL, 22211.

Rich brown, weighs 1200 pounds; stand 16 hands, gelding measure; 16½ hands, stallion measure.

Sired by Idol Wilkes 312, first dam Maggie O. by Triton 357; second dam Mollie by Darby 441; third dam Jane by Royal George 83.

Idol Wilkes (sire of J. H. L. 208½, Robert Wilkes 209½, and four others), by Geo. Wilkes 222 (the greatest trotting sire, by the records, having over two thousand descendants in the list).

Darby 441 (sire of Lady Thorn 225, and R. F. C. 223½), by the greatest of brood mare sires, Mambrino Patchen 58.

Royal George 83, record 2:35½, (sired Lady Byron 228), by black Warrior.

AARON ALLEN'S blood lines are good and strong, uniting the blood of Geo. Wilkes and Mambrino Patchen, called the "golden cross." He has fine natural action, has never been on a track, but has trotted a dirt lane a measured quarter, to road cart, in 40 seconds. His colts are large, handsome, stylish horses, some of

them having shown speed, and all are good sellers. I do not claim that he will get fine lookers from all little scrubby mares, but I do say that I have seen some such from mares of this description.

Knowing that we needed a large, handsome, stylish, well-bred trotting stallion here, so that the foals, if they did not trot would make good sellers, I hunted Kentucky over and found just such a horse.

Fifteen hundred (\$1500) dollars has been refused for him, and he will stand at the exceeding low price of

**\$10.00 cash.**

Or, note due in six months, with return privilege.

Limited to two mares per day. Those booked will be given the preference.

Mares from a distance, \$2.00 per month. Best of care, but not responsible for accidents or escape.

Aaron Allen is absolutely sound. None have better eyes, feet and legs. He is a sure foot gaiter.

## DEATHS.

### TREADWAY.

On last Monday morning, the 12th instant, the spirit of "Aunt" Patsy Treadway left its tenement of clay, returning to Him who gave it. On Thursday her funeral was preached in the Baptist church by her pastor, Rev. W. J. Bolls, and her remains laid to rest in Macphelah cemetery. She was born in Clark county in 1811, her maiden name being Mary Ann Haggard. At the age of 16 she was married to Stephen Treadway and raised ten children—five sons and five daughters, four of whom survive her. "Aunt" Patsy Treadway was a remarkable woman—we might say a landmark—old-time in her ways. Scarcely past 18 years of age she was the mother of two children; ambitious and full of energy, after getting the morning meal she strapped one child to her back, carried the other in her arms, and walked three miles, where, in the shade of the fence, she tied one, and laid the other on a pallet, cut twelve shocks of corn, returned home, did the house work and repeated the same day after day until the crop was harvested. She knew how to wield the scythe, to handle the hoe and axe, to saw, to gather, to spin, to

she was called upon to bear, and which she endured patiently, are no more to her; the rebukes and curses as ingrates cease in their hideousness, while she rests on the bosom of Him who has called her from labor to refreshment. May the God of all grace have mercy on those who have rudely treated her. Peace to the ashes of "Aunt" Patsy Treadway.

In this connection Mr. Scobee desires to say he is thankful to Mr. Ware and family and all other friends of Aunt Patsy Treadway for their attention to her, and especially does his thanks extend to the Baptist church.

The Baptist church, of which Mrs. Treadway was a faithful member, are grateful to Mr. Scobee for his kindness to her, and invoke the blessing of God on him.

The cause is supposed to have been nettles.

### YOUNG.

On Saturday afternoon, April 8th John D. Jr., son of J. Roe Young, was accidentally killed near Kingman, Arizona, by falling through a mine. For about a year he had been chief assayer and assistant superintendent of the mines. He was about 21 years old. His is the second death in the family since Mr. Young went to Arizona. About three years ago, J. Roe, Jr., a lad of ten years, was accidentally killed by the cars. The many friends in this section of the State will regret to hear of this great affliction to Mr. Young's family. He was a grandson of Judge John D. Young, of this city.

## BOW HE MET DEATH.

Later Particulars of the Fatal Accident to John D. Young.

The remains of John D. Young, who met death Saturday night by a fall down the snail of the Elkhart mine at Cloride, Mahave county, arrived over the S. F. & R. last evening, accompanied by J. Roe Young, father of the deceased, and Claude C. Early. The latter had charge of the hoisting bucket at the time the accident occurred. The nature of the death is even more sad when the circumstances are learned. Sunday Mrs. Young, mother of deceased, received a letter from her son, who informed her he was doing nicely. He seemed somewhat buoyant over his success at Cloride and promised soon to send his mother on a visit to Kentucky. Since Mrs. Young has learned of the death of her son she has been in a dazed condition until now some of her friends fear she may not recover.

John Young seemed to have a premonition of his fate at the time he undertook to go down the shaft. At 8 o'clock that night Superintendent Ferguson of the mine determined to show Mr. Sloan, the heaviest stockholder in the property, the workings of the mine. John Young had been employed as assayer and it was never his duty to enter the shaft, but this night he was requested to do so by the superintendent. He remonstrated, saying that he had completed his work and changed his clothes, and also that he thought the bucket was not safe. Finally Mr. Sloan also requested him to go down in the bucket, which he concluded to do after first expostulating with him. He again changed his clothing and getting into the bucket lighted a candle and gave the signal to lower to the 300-foot level. The bucket had been lowered but a few feet when it broke loose from its fastenings. Mr. Young threw up his hands and the lighted candle, and uttered his last words, "I am gone." His body fell 110 feet. It struck one side of the shaft and was guided to the landing opposite, where it was found lying across the bucket, but not badly mutilated. Death, however, must have been instantaneous.

Before the coroner's jury yesterday, at which Mr. Sloan was the coroner, the question arose as to the safety of the bucket. In common with others the foreman testified that the bucket had not been considered safe for some time. He condemned it and said that new appliances for it had arrived the same day on which the accident occurred. The jury rendered a verdict that the death had been a result of carelessness on the part of the company. At Superintendent Ferguson's request the jury was ordered for another sitting this morning. It has been asked to change the verdict.

The manner in which the bucket became entangled has been a matter of much speculation. The most plausible theory advanced is that the ball of the bucket did not rest securely in the clutch owing to a defective dog—The Arizona Republican, April 11.

# HAVE YOU WEAK LUNGS?

Every Sufferer from Lung Weakness, Consumption, Asthma, Catarrh or Bronchitis Can Be Cured.

**Complete FREE Course of Treatment consisting of Four Preparations - The Slocum System -**

Nearly everybody you meet will regard it as a kind of insult to be asked if they have weak lungs. All seem to have a solid faith in the soundness of their own breathing machine. In cases of trouble they will admit there is a "heavy cold," a "touch of bronchitis," or even a "spell of asthma," but as to weak or unsound lungs, never, NEVER. Even the poor consumptive, who scarcely breathes without coughing, whose cheeks are wasted, hollow and bear the hectic flush of doom, will assure you with glowing eyes that his cold is on the mend and he will be all right when the weather changes.

It is simply terrible to think how far we may be guilty by our indifference to the lung troubles of those near and dear to us. It is also a sad thought that we may have a delusion as to our own health that we only get rid of when life itself must pay the forfeit.

Nobody can afford to think lightly of lung troubles. Nobody can afford to be mistaken about their possible dangers. Nobody can afford to neglect them, or "let them wear out," or "get better in the spring," or any other foolery that leads only to wreck and ruin. Lung troubles don't move backward. Weak lungs don't grow strong by themselves; you must heal them and strengthen them, and rid them of the very earliest germs of disease, or you are simply committing a form of suicide. Either you must cure your

## NAME OF A TOWN.

How a Kentucky Neighborhood Came to Be Called Pincheco.

Some 12 miles back of Havesville, Ky., and where the county lines of Hancock and Breckinridge conjoin, lies the neighborhood of Pincheco. The principal product of Pincheco, whose fame extends throughout the state, is pugilists, and the rough-and-tumble variety. Should you attend a dance ("shin-dig," they call it) in Pincheco and escape being shot, cut or knocked on the head, you may well claim that the day of miracles are still in full blast; and if you were present at one of the old-time woodchoppings and failed to see some one receive a broken nose before the festivities ended, you might well have abundant reason for kicking against not having had a run for your money. So unseamy is the reputation of the neighborhood that you are told by its citizens, when inquiring as to its location, though you may be right in the heart of it, that it is a mile or two "further on." Of course there are a number of good citizens living in Pincheco—diamonds in the rough, as it were, but the polishing process to bring out the scintillating qualities would, however, be attended with the risk of the polisher's scalp-lock.

As readers may be interested in the peculiar name of the neighborhood whose fame I humbly seek to immortalize in prosaic print, I will give its origin.

A number of years ago there lived in Hancock county a true man and brave named Mart Holland. He possessed an unbounded confidence in his ability as a fighter, and he was a drag-out order. Next to a nip of morn-colored liquor, Holland loved nothing better than a fistie mix-up. When tanked up on booze he was just simply "eeched" for a fight.

It so fell that Mart Holland made a trip to the coast on a flatboat. As the boat floated languidly on the broad bosom of the murky Mississippi a lumpy inspiration came to him. He would utilize the golden opportunities of the voyage, and as a side-benefit, he would carry a few scalp-locks as fruits of his prowess in sunnysouthland.

The first man Holland went up against was a little weazen-faced fellow at Point Chicot (pronounced Pincheco by the natives) who was a tough little rat. Holland did not collect his thoughts for a week after this encounter. He never did collect all the remnants of his head. He always thought that he fell into the kenel of a building or the hair of a tiger. He was permanently stupefied. His companions greatly enjoyed his discomfiture and gave to the neighborhood from which Holland came the name of Pincheco (Point Chicot).

**CONDUCTOR'S LITTLE MISTAKE**  
Ground Groves Not a Good Substitute for Coffee.  
A conductor got up early the other morning and got his own breakfast. He is not used to this, as his wife, who had the gripe on this occasion, is used to getting breakfast ready. He is fond of strong coffee for his early meal, and filling the pot with water, heaped in four tablespoonfuls of what he took to be coffee.

After all was done, the coffee pot steaming, and hash well browned, he sat by his own self to break his fast. The coffee did not seem very hot, so he drank off half the cup in three or four swallows. Then the roof started. He yelled like a maniac. His trembling little wife ran out to see her husband dancing about on one foot and screeching like a maniac.

He ran to the water pipe and drank off two quarts of cold water like as much milk, and then quieted down enough to ask: "What in thunder's the matter with the coffee?" She smiled at it, and said: "Well, dear, you mistook the ground groves for the coffee, that's all."—Lewiston Journal.

There has never been a political campaign that equalled in importance that of the one to be fought this fall. The Republican party, backed by the money power of this country and Europe, is alert and aggressive. Flushed with the victory of two years ago, it will seek by every means in its power to maintain its supremacy.

Democrats must be up and doing. They must wage an unceasing war upon their enemies. In no better and more effective way can this be done than by the circulation of good, sound Democratic newspapers. The publisher of the Chicago Dispatch, the best national Democratic weekly, will send to every new subscriber for three months a copy of the Chicago Dispatch. If you are not already taking the great political weekly, send in ten cents at once and receive the great paper during the coming campaign. You should not only do this yourself, but you should induce all your friends to join with you. By little effort you can easily raise a "ten or twenty subscribers. Address THE CHICAGO DISPATCH, 120 and 122 Fifth Avenue, Chicago, Ill.

If you are to have a sale of live stock, farm products, household and kitchen furniture, advertise in the Advocate.
